All about the 2016 fall fashion trends

by Bethany Billips

Fall has finally arrived and along with brisk weather comes fall fashion. Both guys and girls enjoy following the cozy and fashionable trends. These popular trends include, but are not limited to, cardigans, sweaters, flannels, boots, boot socks, beanies, scarves, and so much more!

Here at DHS, according to a Twitter poll done on the official DHS Barb Wire Twitter page (@dhsbarbwire), 35% of voters enjoy cardigans the most. Boot socks and flannels were tied at 27% with wide brim hats following at 11%.

One fall inspired outfit would be a sweater, scarf, jeans, and ankle booties. This outfit could vary with colors, types of scarves, or different boots. Popular boot trends are Uggs and Bearpaws with fuzzy boot socks. These are more laid back boots. Some dressier boots are ankle booties, leather knee high boots, and combat boots.

A cozy fall outfit is a cardigan or sweater dress paired with leggings and boots. It will keep you warm and comfy as the weather gets colder!

Guys, you can be fashion forward this season as well. Jeans rolled at the ankles with dress boots can be paired with a button up shirt and a cardigan. To make it extra classy, you can accessorize with a watch and a bow tie.

For a more causal look, pair jeans with boat shoes, such as Sperrys or Polos, with a nice shirt.

Fall outfits look best in fall colors. Colors like maroon, browns, tans, reds, and darker neutrals are great fall colors. These colors can be seen in outfits, make up, and even hair dye!

The most important part of an outfit is the accessories! Watches, beanies, socks, necklaces, and more are easy additions to any outfit.

Remember, this fall you can be fashion forward with a plain, stylish outfit

that can easily be dressed up. Fall is a time to dress cute and cozy. As the weather changes so does the fashion.
